| Further documents are listed in the continuation of Box C.  Soo patent family annex.  **To document defining the general state of the art which is not considered to be part of particular relevance.  **B" carfor document published on or after the international filing date  **L" document published on or after the international filing date  **L" document which may throw doubts on priority claim(s) or which is claim to enablish the publication date of mother claim(s) or which is claim to enablish the publication date of mother claim(s) or other mount.  **O" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is taken alone document of particular relevance; the claimed invention cannot be considered to inventive an inventive step when the document is combined with one or more other such document, such combination being obvious to a person skilled in the art  **O" document published prior to the international filing date but later than the priority date claimed in the art document in the priority date claimed in the art document in the priority date claimed in the art document in the priority date claimed in the conflict with the application but claim to undervised the priority date claimed invention cannot be considered to invention cannot be considered to inventive an invention cannot be considered to inventive and invention cannot be considered to inventive and invention cannot be considered to invention or annex.  **O" document of particular relevance; the claimed invention cannot be considered to invention or make the document in the application or annex.  **O" document published of the international filing date but later than the priority date claim to the international filing date but later than the priority date claim to undervised the priority date and not in conflict with the application of the international filing date to undervised the priority date and not in conflict with the application or inclaim the priority date and not in confl |   |  |                       |                               |                    |  |  |
| ** Special categories of cited documents:  *A* document defining the general state of the set which is not considered to be part of particular relevance  *B* carifor document published on or after the international filing date  *L* document which may throw doubts on priority claim(s) or which is cited to enablish the publication date of another citation or other special reason (se specified)  *O* document referring to an oral disclosure, use, exhibition or other mouse  *P* document published prior to the international filing date but later than the priority date and not in conflict with the application but claimed in transition cannot be considered novel or casent be considered to involve an inventive step when the document is taken alone  document referring to an oral disclosure, use, exhibition or other mouse  *P* document published after the international filing date but later than the priority date claimed invention cannot be considered to involve an inventive step when the document is contibled with one or more other such document, each combination being obvious to a person skilled in the art  document published after the international filing date or priority date and not in conflict with the application bet claim to the conflict with the application bet claimed in the conflict with the application bet claimed in transition cannot be considered novel or casent be considered to involve an inventive step when the document is taken alone.  **P** document referring to an oral disclosure, use, exhibition or other mouse.  **P** document published after the international filing date or priority date and not in conflict with the application between principle and not in conflict with the application that the application that conflict with t | \^  |  |                       |                               | :                  |  |  |
| "B" carlier document published on or after the international filling date  "L" document which may throw doubts on priority claim(s) or which is class to establish the publication date of enother clienton or other special reason (as specified)  "O" document referring to an oral disclosure, use, exhibition or other mones  "P" document published prior to the international filling date but later than the priority date claimed.  "A" document of perticular reference; the claimed invention cannot be considered to involve an inventive step when the document is then alone combined with one or more other such documents, each combination being obvious to a person stilled in the art document the priority date claimed.  | Purther documents are listed in the continuation of Box C. See patent family annex.   |  |                       |                               |                    |  |  |
| "B" carflor document published on or after the international filing date  "L" document which may throw doubts on priority claim(s) or which is class to establish the publication date of enother clienton or other special reason (as specified)  "O" document referring to an oral disclosure, use, exhibition or other money  "P" document published prior to the international filing date but inter then the priority date claimed.  "A" document published prior to the international filing date but inter then the priority date claimed.  | Special congories of cited documents:  "T" have document published after the international filing date or priority date and not in conflict with the application but cited to understand the advantage of the law and the formation of the first which is not considered. |  |                       |                               |                    |  |  |
| "L" document which may throw doubts on priority chim(s) or which is cleat to enablish the publication date of mother cleation or other special reason (se specified)  "O" document referring to an oral disclosure, use, sublibition or other mount  "P" document published prior to the interestional filing date but later than "g."  document substitute referrings; the claimed investion cannot be considered to involve on investive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art document member of the same patent family   |   |  |                       |                               |                    |  |  |
| *O* document referring to an oral disclosure, use, exhibition or other mosas  *P* document published prior to the interestional filing date but later than *g.* document member of the sense patent family  *Complete the priority date chained  *Complete the interestional filing date but later than *g.* document member of the sense patent family  | 1   | document which may throw doubts on priority chim(s) or which is the document is taken alone  |                       |                               |                    |  |  |
| "P" document published prior to the interestional filing data but inter then "g," document member of the same patent family the priority data channel.   | , ,   | considered to involve an investive step when the document is   |                       |                               |                    |  |  |
| the priority date channel  | ·P .  | *P" document published prior to the interestional filing date but later then *a. document marrier of the same patent family  |                       |                               |                    |  |  |
|  |   |  |                       |                               |                    |  |  |
|  |   |  |                       |                               |                    |  |  |
| Name and mailing address of the ISA/US Authorized officer  |   |  |                       |                               |                    |  |  |
|  |   |  |                       |                               |                    |  |  |
